

TAM BRAZIL AIRPASS

Concept and Use

TAM BRAZIL AIRPASS was created for foreign and Brazilian citizens residing abroad who wish to travel within Brazil¹ on flights operated by TAM (JJ) and **PANTANAL (JJ*)** at an attractive rate.

To purchase the **TAM BRAZIL AIRPASS**, the passenger should:

- purchase an international roundtrip ticket commencing outside of Brazil, with destination to any city in Brazil;
- request the TAM BRAZIL AIRPASS, which is issued in conjunction with the international ticket.

The number of options of different destinations or stopovers allow up to 9 (nine) cities in economy class.

However, there must be a coupon for each portion of the trip – please refer to “Stopovers and Connections.”

¹The city of Ciudad del Este (AGT – Paraguay) is considered part of the TAM Brazil Airpass on flights JJ* or PZ, once it is part of the Iguassu Falls territory.
